ANOTHER CHAPTER IN NOTED CASE

Ardmore, Okla., June 13.—That his former wife was married on June 4, less than two months after she was divorced and that Len Goheen, husband of Irene Goheen, the society editor of the Nowata Advertiser, who was murdered about two years ago, is the new husband, is charged in district court here by Chelsea Crosby in an answer to a citation to appear in court for failure to pay \$15 a month alimony to his divorced wife, Dora Crosby.

Crosby alleges that he and his wife were divorced on April 24 and that she remarried on June 4. He charges that the second marriage is illegal because of the legal time requirement. He asks the court for an order giving him possession of the child of the couple.

It is stated that the second marriage took place in Gainesville, Texas, while Goheen was in that city as advance agent for a show.

The Goheen murder in Nowata was a complete mystery. H. O. Jeffries, editor of the paper on which the woman worked, was acquitted of the crime. No other person ever was accused of being implicated.

OUR BEST FOOT FOREMOST

When the Summer Normal began Roy Saffarans and Hugh Taylor decided that we had better put our best foot foremost. Now we know it means something when those boys put the best foot foremost—for they are not just ordinary Soda Dispensers. We employed them not merely for their good looks and affability—that's all well enough—but for their ability to handle the glass and spoon, to break the egg, combine it with milk, add the cream, inject just enough of the right flavor, shoot in the Fuzzy watter and send the Customer along rejoicing.

COMMERCIAL CLUB AWAKE

**MEETING OF FRIDAY EVENING
PROVES THAT CLUB IS LOOK-
ING AFTER ALL INTER-
ESTS.**

The meeting of the Commercial club Friday evening was fairly well attended and the business considered makes it one of the most important yet held. The amendment of Sec. 9, Art. IX of the state constitution, working the roads, the school abolition question, entering the contest for one of the prizes offered by Holland's Magazine for the cleanest town and the chautauqua were the main features discussed and acted upon by the meeting.

A report was made of the meeting held at Oklahoma City favoring the amendment and the president of the club was authorized to appoint a committee of five to look after the campaign in Pontotoc county. It was also explained that the proposed amendment is not a repeal of the section referred to, but only an amendment whereby the corporation commission and legislature may permit railroads to buy or lease one another under proper restrictions whereby the interests of the people would be safeguarded. It was also brought out that the big railroads of the state are very indifferent to the plan and refuse to contribute a cent for the campaign preceding the election to be held August 5.

After some discussion it was agreed that the good roads committee should confer with farmers living along roads leading into Ada and set a date on which the business houses of Ada should close up and the entire population of Ada turn out on the various roads and put in a big day's work. This aid will doubtless be extended to the roads where the farmers will take the most interest and co-operate with the work. It is also planned to put the work under the direction of a competent engineer and work under his orders.

A report was made of the status of the Woodard bill and it was the sentiment of the meeting that a close watch be kept on the movement and be governed accordingly.

It was unanimously agreed that Ada should enter the clean town contest being conducted by Holland's Magazine and steps will at once be taken to have Ada enrolled as a contestant.

Mrs. Gyser, representing the chautauqua made a short address in its behalf. She also made some very pointed remarks on the good roads question, telling of the progress being made in Nebraska which started from a very small beginning.

A Fourth of July celebration was mentioned, but in view of the chautauqua coming just before that date, it did not meet a very hearty response, and the chances are that there will be no celebration at that time, so far as Ada is concerned.

LYNCHING AT ANADARKO

**NEGRO PAYS PENALTY OF BRUTAL
CRIME—HANGED, BURNED
AND SHOT.**

Anadarko, Okla., June 13.—While the mob laughed at his prayers and pleas for mercy as the flames leaped up his body, Bennie Simmons, an 18-year-old negro boy, charged with the murder of Susie Church, 16 years old, near Cogar, was lynched here between 3 and 4 o'clock this morning by a mob which was estimated to include probably 1,000 people.

All of the residents of the Cogar neighborhood, where the crime occurred, seemed to be in the mob and sympathy here was with them to such an extent that there was little effort to hinder the mob in its course. The crime was so brutal in its character and feeling in the neighborhood was so high that Simmons was rushed to the county jail here immediately after his arrest to avoid the vengeance which had been threatened if the murderer should be found.

All day yesterday the mob was

forming at Cogar and the more conservative citizens of the community, who were at first inclined to let the law take its course, were swept away by the tide of popular feeling and the impassioned arguments of the mob leaders that such a brute should not be allowed to live even another day and by the time the start was made for Anadarko there was no division of sentiment and all alike were crying for blood.

Removed to the Old Jail

The sheriff's office here had been notified that the mob was forming and when assurances had been received that it had actually started for this city, the negro was removed to the old federal prison in "old town." Little difficulty was experienced by the mob leaders, however, in locating him, and the guards who had been placed over him there made only a perfunctory resistance when the mob demanded the prisoner.

He was taken out to a wagon bridge just northwest of the city and hanged to a big cottonwood tree growing alongside the stream. Then coal oil was poured over his body and lighted. The negro prayed and shrieked in agony as the flames reached his flesh but his cries were drowned by the yells and jeers of the mob.

Body Riddled With Bullets

As the cries grew fainter and it became evident that he was losing consciousness a volley of shots came from the mob, every member of which, heavily armed, emptied his weapon into the swinging body, which was literally cut to pieces by the bullets.

The members of the mob then departed for their homes, leaving the body still swinging. When news of the affair spread through this city this morning great crowds thronged out to view the gruesome spectacle out to view the gruesome spectacle. The body was still hanging until after 8 o'clock, when it was cut down by the sheriff, who is preserving in his office the rope with which the hanging was done.

No attempt was made by the members of the mob to conceal their identity, but it is not considered likely that there will be any prosecutions, as the few people who recognized the men in the mob were thoroughly in sympathy with them and are not like-

ly to reveal their identity.

While Simmons made no confession it is considered that the evidence against him was conclusive. A direct trail led from the place where the girl's body was found to the farmhouse where Simmons was found. His underclothing was covered with blood and a bloody pocket knife was found in his possession when he was arrested.

The girl's body was found by her parents Tuesday evening with her throat cut and the body covered with knife wounds. She had gone to Cogar on horseback from her farm to do some shopping. When the horse returned alone a search was started and finally a pool of blood was found by the side of the road, with other evidences of a desperate struggle and from that point a trail of blood led to the lonely clump of bushes where the girl's body was found.

LET 'EM ALONE.

"There is a certain class of noisy and annoying men who seem to have nothing better to do in life than storm around about women's clothes. It has been so from the beginning of time and will continue so, with women dressing as they should, just as they please!"—Mannsville Herald.

As will be readily seen the above is from the pen of a lady editor. The class of men she hits so hard must be a lot of close fist old married cusses who dislike paying the bills. Certainly she has seen no adverse criticism from any gallant old bachelor who seeks by every possible means to make himself agreeable to the ladies.

Now that the men of Ada are to turn out and work the roads leading to the city sometime soon it naturally follows that the brutes must be fed at the noon hour. Sometime ago a lady called up the News office and said the ladies would help the good cause along by looking after said job of feeding. The prospect of a good dinner ought to be enough to tempt quite a crowd to don overalls and shoulder pick and shovel.

When road working day comes around the News man expects to side W. L. Reed and L. A. Ellison all day. They are some larger and handsomer than we are, but when it comes to a day of digging and grubbing stumps out of the road or shoveling dirt, we

Diabetes No Longer Feared

Peculiar Action of a Remarkable Remedy in Controlling Liver Action.

There is no need to feel any alarm over the symptoms of diabetes. This disease is apt to be purely a digestive trouble, and for this reason the liver is held largely responsible. The liver is the largest organ of the body, and is not only a mass of thread-like blood vessels, but throughout its entire fabric is intimately associated with the digestive system.

The thing to do is to so stimulate the action of this myriad of blood vessels that each cellular part selects its own essential nutriment by healthy and judicious divine discretion. This is accomplished by S. S. S., the most potent, the most active and the most naturally stimulating blood medicine known. You do not need purgatives; do not be alarmed at the presence of sugar nor of so-called sediment.

Just stick to S. S. S. and bear in mind that this celebrated remedy has such a specific stimulating action on the local cells of the liver as to preserve their mutual welfare and give a proper relative assistance, each cell to the other.

Dropsical tendencies are thus overcome, biliousness soon becomes a memory and jaundice, malaria, afflictions of the spleen and glandular swellings will be entirely eliminated. You will find S. S. S. on sale at all drug stores and for competent medical advice, free, consult by mail the laboratory of The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga.

Davison a Power in Banking.

New York, June 13.—"Friday the Thirteenth" has never failed to attract attention in Wall Street since Tom Lawson published his book of that title. But until today there never has been anything to justify the attention bestowed on the date combining the hoodoo Friday and the unlucky thirteenth. Today, however, the Street recalled the fact that it was the birthday of Henry Pomeroy Davison. In past years the birthday anniversary of Mr. Davison was not noticed. But the death of J. Pierpont Morgan brought about a change, for Mr. Davison is now recognized as the most conspicuous figure in the house of Morgan—the man who furnishes the dynamic force of the great banking firm.

Mr. Davison is but forty-six years old. Twenty years ago he was a clerk in a bank at a salary of \$300 a year. That was in the town of Troy, Pa. A few years later he landed in New York and finally obtained a position in the Liberty National bank. From the Liberty National he went to the First National Bank. His ability was quickly recognized by Mr. Morgan as soon as that astute financier came in to contact with him. In the panicky days of 1907, when there were all-night conferences in the Morgan library, Mr. Davison was among those present. The next year, after the smoke had cleared away the young banker was taken into the Morgan firm and soon assumed a position of leadership.

CAPITAL PUNISHMENT

AMONG THE INDIANS OF CHOCTAW, CHICKASAW AND CHEROKEE TRIBES IN EARLY DAYS.

As a people the Choctaws have, for generations, been noted for their high regard for law and legal authority. Their ideals were indelibly stamped upon their race several generations ago in the southland. True it was that legal controversies arose and were settled in courts of competent jurisdiction but the decisions, when rendered, were accepted. Those conditions are best illustrated relative to their criminal law. To avoid the penalty of a criminal court was dishonorable, even if the penalty meant forfeiture of life. It was a rule of procedure that when a Choctaw was condemned to death, sufficient time was given him to return to his home without bond, carefully arrange all the details of his earthly affairs and return unattended to the place of execution on the appointed day, and woe unto him and his posterity if he failed in that all important duty of his life. He was branded a coward, his children were pointed out as those of a coward and his entire clan were returned against him.

Salin Lewis, who resided near Stringtown, was the last murderer among the Choctaws to suffer death under tribal law, before the tribe was deprived of jurisdiction in murder cases. Lewis slew his victim in a controversy over tribal politics. He was tried and condemned to be shot and pending his appeal to the tribal supreme court he accepted a place on a league base ball team and spent the summer as a professional ball player. Learning that his appeal had been adversely decided, he at once returned to Stringtown and on the appointed day of his execution promptly appeared on the scene and met his fate bravely as befitted a Choctaw. That execution will ever live in the annals of Choctaw history.

Hundreds of citizens of the nation journeyed to the scene, a vast majority feeling that the condemned man should not meet such a fate. Excitement ran high and many predicted that the law would not be permitted to take its course, but the inherited instincts of the people were too strongly entrenched and Salin Lewis gave up his life—a martyr, as it were, to his political creed.

Only once before in the long history of the Choctaws did her tribesmen attempt to rescue a prisoner from the law. In 1853 a Chickasaw was condemned to be shot for taking the life of a Choctaw. The crime was committed while both were under the influence of whiskey—in Pickens county near Fort Washita. The man protested his innocence and when led out to be shot fought with a fury that seemed superhuman.

The last execution in the Chickasaw nation, under tribal law, was about twenty-five years ago when Safron Dyer was executed at Tishomingo for the murder of Morgan Fustasha. Fustasha was an officer of the law, and, in company with Amos Hayes, who still resides in Ada, attempted to arrest Dyer. Without warning Dyer shot Fustasha to death and for the crime was executed at Tishomingo. Hogan Keel who was sheriff at the time and who officiated at the execution still resides at Ragan.

"Frog" Davis is believed to have been the last criminal to suffer death at the old penitentiary at Tahlequah under the old Cherokee law. About 1894 he killed James Musgrove the sheriff of Cooweescoowee district, Cherokee nation, at Catoosa, a small village in Rogers county. Davis had but recently returned from serving a term in the penitentiary at Tahlequah and on his arrival at Catoosa was accidentally met by Musgrove who kindly informed him that he had a warrant for his arrest, but that he would postpone service until just prior to the opening of court when he felt that Davis would have a better chance of proving his innocence, if innocent, especially if he (Davis) kept from whiskey and dissipation. True to his promise, and wholly unaware that death might be meted out to him for his kindness, he, in company with Fuge Flippin, now cashier of the Farmers and Merchants bank of Claremore, attempted to serve the warrant but was met with a shot from a rifle in the hands of Davis and instantly killed. The killing occurred at the home of a relative, Tom Davis, on Bird Creek. Davis was tried at Claremore and convicted. The execution occurred at Tahlequah.

OKLAHOMA HAS AN ALIEN LAND LAW

Oklahoma City, June 13.—Oklahoma has an alien land law, which forbids any person who is not a resident of the United States from acquiring or holding property within the state of Oklahoma, and which is interpreted by some to be almost as drastic as the much discussed California alien land law.

The prohibition affecting foreigners contained in section 1, article 22, of the constitution, was brought to the attention of attaches of the governor's office Thursday morning on the receipt of a letter from Alfred Smith vice consul general in charge of the American post at Moscow, Russia, who is seeking information concerning Oklahoma's land holding law as it affects foreigners.

The letter, it is stated, is written at the request of one Mrs. Mary Maitoff, who purchased considerable land in Choctaw county five years ago, at which time she was a citizen of the United States. Later, however, she married and returned to Moscow and now wants to know the status of her rights in the land in question. Fearing a misinterpretation of the law, the vice consul general has written the governor for the desired information. As interpreted by attaches of the governor's office the section, which reads as follows, bars Mrs. Maitoff from any right in the land, inasmuch as she is not a citizen of the United States.

"No alien or person who is not a citizen of the United States shall acquire title to or own land in this state and the legislature shall enact laws whereby all persons not citizens of the United States and their

heirs who may hereafter acquire real estate in this state by devise, descent or otherwise shall dispose of the same within five years upon condition of escheat or forfeiture to the state." The section carries a provision eliminating Indians, born within the United States, or persons who may become citizens of the United States.

J. D. Rinard returned Friday afternoon from the scene of his farming operations near Roff. He reports a fine prospect.

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cotthurn, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief."

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited. I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old. Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength. Have you tried it? If not, please do. It may be just what you need.

Mrs. Wagner, who was here on a visit to Wm. Casey and wife, her parents, returned to her home at Mulberry, Ark., this morning.

V. S. Cook of Medicine Lodge, Kansas, was in the city this morning. Mr. Cook is the proprietor of a lumber yard at Stonewall and several years ago lived at Atoka.

Editor L. R. Clark of Francis was in the city today en route home from Sulphur. He spent twenty-four hours there and says he left restored to perfect health.

G. C. Oliver informs the News that he considers the crops already made and in prospect, the finest of any in the thirteen years he has resided here. Nothing whatever suffering.

Pres. C. W. Briles returned this morning from a trip of several days to Okmulgee and other points in that section in the interest of the Ada normal.

The People of Ada

We wish to again call your attention to the fact that we are sole agents in this city for Meritol Pile Remedy. Our success with this remedy has far exceeded our most sanguine expectations. Therefore, we are pleased to recommend and guarantee every package of Meritol Pile Remedy. Ramsey Drug Co., Ada, Oklahoma. Adv.

Prof. G. T. Howerton, who now lives in Memphis, Tennessee, was an Ada visitor today. He has lost none of his love for Ada and her people and was very glad of the opportunity to give his friends the glad hand once more. He reports that Mrs. Ben McCurry,

wife of one of the former school principals of Ada, has been in bad health for sometime past. Mr. McCurry is still traveling for the house he was working for when he left Ada.

A Good Investment

There is no better investment than a fifty cent piece in a bottle of Meritol White Liniment. Muscular and rheumatic pains, swellings, lameness promptly relieved. Meritol White Liniment is especially recommended as a general pain killer of unusual merit. Ramsey Drug Co., Ada, Oklahoma. Adv.

FIELD MEET AT THE NORMAL

On the normal campus Thursday and Friday six counties will compete for track honors. In a similar contest a year ago Johnston county won first honors and the students from that county now in the normal state that the county tears the laurels from their brows will know it has been in a contest. The hard fought athletic battles among these teacher-students promise to be highly entertaining all the way through.

"The Business Woman," is the subject of a fine picture that will be presented at the De Sota this evening. It shows how a woman of energy and ability made a success of managing her own factory, and treats the subject in a very fascinating manner. The other picture of the evening will be "Early Oklahoma," taken on the famous 101 ranch. It pictures most graphically the stormy and uncertain life of the early settlers of the state.

This evening the attraction at the Majestic will be a two-reel historical drama, one which made the Kalem company famous. This will be "The Battle of Bloody Ford." It is another civil war drama, and excitement fills every moment of the picture. Sensational bayonet charge, thrilling rescue of a drowning soldier by a Southern girl in the midst of a battle, and many other scenes that you will never forget.

Mrs. Lura Skinner and children returned this afternoon from a week's visit to Purcell.

CINDERELLA WAS A POPULAR NUMBER

The Rush Stock Co. presented Cinderella to a fair sized audience Friday evening. This was a comedy drama founded on the old fairy story of childhood days, and was dramatized in a manner that in the hands of the strong company presenting it, made a program that delighted all.

This evening the company will present the "Saleslady," a brand new drama founded on the disclosures made in the Chicago investigation.

Monday and Tuesday evening the company will present two extra numbers, and will go from here to furnish an attraction for the Byrd's Mill picnic.

NEWS FORECAST FOR THE COMING WEEK

Washington, D. C., June 14.—Governor Sulzer's spectacular fight for a direct primary law, in which he has been aided by Colonel Roosevelt, William R. Hearst and other noted political leaders of New York, will be brought to a climax when the state legislature convenes in extraordinary session Monday to decide the fate of the measure.

President Wilson, if his other engagements permit, will go to Philadelphia Tuesday to speak at the unveiling of the New Jersey memorial erected at Valley Forge.

Former President Taft, with President Hadley of Yale, will lay the cornerstone of the new Yale Coliseum on Monday.

A special election will be held Tuesday in the Sixth congressional district of New Jersey to elect a successor to Congressman Martin, deceased. As the district two years ago was about evenly divided between the Republicans and Democrats, there is considerable interest in the result of the special election.

The currency commission of the American Bankers' Association will meet in Atlantic City Tuesday to exchange views on the subject of currency legislation. The results of the discussion will be submitted to the United States senate.

Other important meetings of the week will include the annual convention of the National Editorial Association, at Colorado Springs; the annual meeting of the American Medical Association, at Minneapolis; the annual meeting of the Hotel Men's Mutual Benefit Association, at Louisville, and the annual convention of the International Printing Pressmen and Assistants' Union, at Rogersville, Tenn.

Other events that will figure more or less prominently in the news of the week will be the consecration of Rev. Samuel G. Babcock as suffragan bishop of the Massachusetts Episcopal diocese, the celebration at Wheeling of the semi-centennial of West Virginia statehood, the Democratic primary in Arkansas to select a candidate for governor, the Yale-Harvard boat races at New London, the intercollegiate regatta at Poughkeepsie, and the annual commencement exercises at Yale, Harvard, Pennsylvania, Brown and other of the large colleges of the country.

The celebration of the silver jubilee of Emperor William's reign promises to be the big event of the week in Europe. Other events in foreign lands will include the convention of the International Women's Suffrage Alliance at Budapest, the meeting of

the Pan-Presbyterian Council at Aberdeen, the opening of the International Horse Show in London, the German elimination trials for the coming German-American sonder class regatta, the British open golf championship tournament, the International Forestry Congress in Paris, the Argentina's celebration of the 300th anniversary of the founding of the University of Cordoba, the oldest university in the western hemisphere.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—your reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is safe and sure cure for Leucorrhoea or Whilish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors, or Growths; also pains in head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex. I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that, it will cost you nothing to give the treatment a complete trial; and if you wish to continue, it will cost you only about 12 cents a week or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free in plain wrapper, by return mail. I will also send you free of cost my book, "WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says, "You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old and young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Green Sticks, Green Discharges, Painful or Irregular Menstruation in young Ladies, Pimples and health always results from its use. Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write to-day, as you may not see this offer again. Address: **CARRS. M. SUMMERS, Box H - South Bend, Ind., U. S. A.**

GREAT MEETING OF MEDICAL MEN

Minneapolis, Minn., June 13.—Eminent physicians and surgeons from every part of the United States and Canada, with a number from foreign countries, today filled page after page of the Minneapolis and St. Paul hotel registers with their signatures. They are the delegates and visitors to the annual convention of the American Medical Association which, with the meetings of affiliated bodies, will hold forth here during the ensuing seven days.

With clinics arranged for every department of medicine and surgery and with daily sessions planned for fourteen different departments or sections a week of splendid scientific work is anticipated. For extensiveness of preparation and elaborateness of detail no such assemblage has been held in Minneapolis for many years.

The proceedings of the week began this afternoon with the opening of the thirty-eighth annual meeting of the American Academy of Medicine, which specializes in medical sociology. Dr. Ray Lyman Wilbur of San Francisco, president of the Academy, occupied the chair at the initial session. Dr. Helen C. Putnam of Providence, R. I., presented the report of a committee appointed to investigate the teaching of hygiene in the public schools, and Dr. John L. Heffron of Syracuse presented a report from a committee

named to investigate the teaching of sanitary science in medical schools.

The meeting of the Academy will continue over tomorrow. Monday will be devoted to various conferences and on Tuesday the sessions of the American Medical Association will begin. The work of the convention will be divided among the house of delegates, which transacts the business for the association, several general meetings of the association, and the daily sessions of a dozen departments at which will be read about five hundred papers on subjects of medical and surgical interest. The allied organizations that will hold their annual meetings during the week include the American Association of Milk Commissioners, American Association of Medical Librarians, American Association of Teachers of Pediatrics, American Association of Anesthetists and the American Proctological Association.

With the exception of the opening session of the American Medical Association convention all of the meetings and conferences of the week will be held at the University of Minnesota. The opening session of the association convention will be held in the Minneapolis Auditorium, which is the only available building capable of accommodating the 5,000 or more delegates in attendance.

A special committee has prepared clinics for the convention and these will occupy a large part of the time of the visiting physicians as will the social programs that have been prepared for the visitors and the wives and families of the physicians.

LAWTON PAVED WITH ADA ASPHALT

Lawton is busy with a big paving campaign. A considerable number of blocks had been paved before this work began, but the present plans call for ninety-eight blocks. The best part of it is that all of it is made of Ada asphalt. By the time the present plans have been executed at least 1,000 cars will have been shipped from here and used on the work there.

At present J. O. Tipton is shipping about two cars per day from his mine on the John Stewart place west of Ada. As his pay roll foots up a handsome figure it will be seen that Ada is getting no small benefit from this source.

Training Outweighs Long Service

There is no better proof of this than the every-day scenes of long service, untrained employees at the beck and call of younger men who occupy the big positions because of their training. It's a case of Training vs. Long Service—with the odds in favor of the trained man.

Get out of the untrained rut. Mark and mail the attached coupon and let the I. C. S., of Scranton, tell how you can qualify for a better position. How you can protect yourself against servitude in your old age. How you can become an expert at your chosen line of work.

That the business of the I. C. S. is to Raise Salaries is shown by the monthly average of 300 letters voluntarily written by students reporting salaries raised and advancement won through I. C. S. help. No necessity for leaving home. No books to buy. Marking the coupon puts you to no expense and places you under no obligation. Mark it NOW.

CANNOT ATTEND

GETTYSBURG REUNION

The civil war veterans of Oklahoma will not attend the Gettysburg reunion. Such is the result of the refusal of the railroad lines of the state to make a rate lower than one and one-third fare. The roads east of the Mississippi have made a rate of one cent a mile each way, and as proposed by the western roads it would cost the veterans as much to get to the river as it would from there to Gettysburg.

A. M. Crow has been advised from headquarters that the plan for the Oklahoma veterans to attend has if necessity been abandoned. Two hundred and eighteen have proved their right to attend at the expense of the state, but under the rate fixed by the roads this would cost over \$11,000, whereas, the legislature, believing that the roads would act as generously as in former years appropriated only \$7,500 for the purpose. It will be a keen disappointment to the veterans, and as few, if any, will go at all, the railroads will lose \$7,500 which they might have had.
